A Third-Rate Nobody.
Indianapolis Journal.
The nomination of Cleveland A. Hendricks at Chicago dispels any doubt if any there may have been, as to electoral vote of Indiana, in November. There is nothing in Mr. Cleveland's record that can by any possibility draw to him any votes which would not have been given to any other candidate for that ticket. He is a young man, a without record as a statesman, a third class lawyer and a seeker for place for

we congratulate the republicans of Ohio on the auspicious outlook. The nomination of Blaine was the strongest could have been made, but it is stronger to-day than it has been at any time since it was put in the field. The reliance on the blunders of the opposition has been as usual, greatly in our favor. If democracy had it in their power to name a man who would have put Ohio in the list of doubtful states, and it seemed to them nothing but their monumental capacity

for doing the wrong thing prevented them from realizing that fact. There is not an intelligent democrat in Ohio but who can confess this fact to-day, if he cannot be induced to express his honest conviction.

It Fell Like a Wet Blanket,
Philadelphia Press.

The democratic convention has thrown a wet blanket over the democratic party. Its nominations call out no answer but a cheer, because they deserve none. Grover Cleveland has no past; Thomas A. Hendricks long since became of the past. The head of the ticket has no experience in affairs, and public experience of

The nomination of ex-Senator Hendricks for vice president on the Cleveland ticket is not the most judicious that could have been made. He has too much of a record which is already seized upon and will be worked for all it is worth to revive

New York Sun.
Well, the convention has nominated Grover Cleveland, and now the question will be whether he or Blaine is to be elected. We have had our own opinion, but perhaps there was some mistake in it. We shall live and learn, we hope.
